Overseas Studies

Bing Overseas Studies Program

The Bing Overseas Studies Program (BOSP) provides opportunities for Stanford students to broaden their undergraduate education through study in another country and immersion in its culture. Regular programs in Australia, Beijing, Berlin, Cape Town, Florence, Kyoto, Madrid, Moscow, Oxford, Paris, and Santiago offer courses in social and natural sciences, humanities, and engineering with full Stanford credit. Many courses also count toward major requirements and/or fulfill General Education Requirements. Students may enroll for one or more quarters at most locations. Academic or paid internships are available at the Beijing, Berlin, Florence, Kyoto, Madrid, Moscow, Paris, and Santiago programs. Research opportunities are available in various formats at different centers. Service-learning and community-based research opportunities are available in Cape Town. Minimum academic and language prerequisites are specific to each program. See the BOSP (http://exploreddegrees.stanford.edu/undergraduateeducation/overseasstudies/http://bosp.stanford.edu) web site for information on these requirements.

While studying overseas through BOSP, students remain registered at Stanford and pay regular tuition, along with the overseas fee, which is based on Stanford room and board rates. Regular financial aid applies, and may be increased to cover additional costs. At most centers, students live in a homestay or with local students.

In addition to regular programs offered for enrolled Stanford students, the University is a member of two consortia: the Consortium for Advanced Studies in Barcelona and the Kyoto Consortium for Japanese Studies. Overseas Studies also offers a limited number of special programs including, in 2012-13, eight three-week faculty-led seminars in various locations overseas.

Overseas Studies, located on the ground floor of Sweet Hall, has full-time staff members and student advisors to assist in planning for overseas study. Course information, while accurate at the time of publication, is subject to change. See the BOSP (http://exploreddegrees.stanford.edu/undergraduateeducation/overseasstudies/http://bosp.stanford.edu) web site for updated information.

Locations

Courses offered by the Overseas Studies Program are listed on the Stanford Bulletin’s (http://explorecourses.stanford.edu) ExploreCourses (http://explorecourses.stanford.edu) web site under subject codes beginning with OSP. Each BOSP location has its own subject code. Those subject codes, by location, are:
