We Will Serve

- By respecting, honoring and responding to the needs of our student-athletes, coaches, colleagues, advocates and members of our larger community.
- By encouraging innovation and creativity. We will harness technology to extend our reach and to interface with our various internal and external constituencies.
- Through fiscal responsibility in all elements of departmental operations.
- By advancing outreach as a fundamental component of the department, we will strive to enhance the overall mission of the University through competitive excellence, effective outreach and an on-going commitment to customer service.
- By utilizing the department resources and physical facilities to serve the campus community, our alumni and our supporters throughout the world.
- By valuing our heritage, and in doing so we commit ourselves to championship caliber athletic achievement and the on-going enhancement of the traditions of Stanford Athletics, including leadership, individual and team achievement and intense pride and loyalty.

Courses

Courses offered for intercollegiate and club sport athletes are listed under the subject code ATHLETIC (https://explorecourses.stanford.edu/search/?view=catalog&academicYear=&page=0&q=ATHLETIC&filter-departmentcode-ATHLETIC=on&filter-coursestatus-Active=on) on the Stanford Bulletin’s ExploreCourses (https://explorecourses.stanford.edu/browse/) web site. Courses are activity classes (ACT) and carry 1-2 units of credit for satisfactory completion of work. Although there is no limitation on the number of activity classes in which a student may enroll, no more than 8 units of these activity classes (and/or other University activity classes) may be applied toward undergraduate graduation requirements. See the “Credit” tab of the “Undergraduate Degrees (http://exploredegrees.stanford.edu/undergraduatedegreesandprograms/#credittext)” section of this bulletin for complete information. Course fees, as applicable, are posted to the student’s University account.

Sports Performance

Stanford's Sports Medicine Program is dedicated to providing the best possible medical care for the student athlete's injuries and illnesses. The program is unique in its team approach to health care, as the Team Physicians (http://ortho.stanford.edu/iacob/physicians.html), Athletic Trainers (http://www.stanfordportsmedicine.com/?page_id=53), Physical Therapists (http://www.stanfordportsmedicine.com/physical-therapy/), and Sports Scientists (http://ortho.stanford.edu/humanperformance/ personnel.html) all collaborate on the care provided to each athlete. The team physicians provide diagnosis, treatment, arrange for consultations, order lab tests, x-rays and MRIs, and make decisions on the participation status. Athletic trainers work under the supervision of our team physicians to provide prevention, evaluation, and treatment of athletic injuries. Physical therapists design specific programs for rehabilitation and communicate directly with the athletic trainer, physician, and sports performance coaches. Sport Scientists work with coaches and athletes to test and analyze athletes using state-of-the-art motion capture, biomechanics and physiology equipment.

Sports Psychology Services

The mission of Stanford Athletics Sport Psychology Services is to provide psychological services to Stanford University student-athletes that foster mental health and well-being, promote excellence in educational and athletic goals, and contribute to a safe, welcoming, and multiculturally aware athletic department and campus community.

Stanford Athletics has had an ongoing and collaborative relationship with the Department of Psychiatry and Behavioral Sciences to provide integrated behavioral health services to Stanford student-athletes, including a full-service sport psychology program.

- Dr. Kelli Moran-Miller (http://www.gostanford.com/staff.aspx?staff=208), Director of Sport Psychology for Stanford Athletics, is a licensed psychologist, a certified consultant with the Association of Applied Sport Psychology, and a member of the USOC registry. She uses a strengths-based, solution-focused, and student-centered approach to assist student-athletes in the achievement of personal, educational, and sport goals. Her office is in the Sports Medicine Center.
- Dr. Lisa Post, Director of Sports Medicine in Psychiatry, is a licensed psychologist who specializes in working with collegiate and professional athletes and coordinates referrals and care within the Department of Psychiatry and Behavioral Sciences. Her office is on campus at 401 Quarry.

Services

Sport Psychology Services offers confidential personal counseling, performance psychology consulting, psychological rehabilitation from injury, career counseling, medication evaluation and management, and specialized care referrals. Team-centered workshops for varsity teams, crisis intervention, and consultation with coaches and athletic department staff also are available.

Individual sessions provide a unique opportunity to explore issues that may be preventing you from reaching your potential athletically, academically, or personally.

Team-centered workshops are designed to address the unique goals of the participating team and to provide memorable active learning experiences to build team unity, reinforce team mission and vision, clarify team goals, roles, and responsibilities or teach mental skills.
