- Track and Field (http://www.gostanford.com/index.aspx?path=track)

Sports Performance

Stanford’s Sports Medicine Program is dedicated to providing the best possible medical care for the student athlete’s injuries and illnesses. The program is unique in its team approach to health care, as the Team Physicians (http://ortho.stanford.edu/jacob/physicians.html), Athletic Trainers (http://www.stanfordsportsmedicine.com/?page_id=53), Physical Therapists (http://www.stanfordsportsmedicine.com/physical-therapy), and Sports Scientists (http://ortho.stanford.edu/humanperformance/personnel.html) all collaborate on the care provided to each athlete. The team physicians provide diagnosis, treatment, arrange for consultations, order lab tests, x-rays and MRIs, and make decisions on the participation status. Athletic trainers work under the supervision of our team physicians to provide prevention, evaluation, and treatment of athletic injuries. Physical therapists design specific programs for rehabilitation and communicate directly with the athletic trainer, physician, and sports performance coaches. Sport Scientists work with coaches and athletes to test and analyze athletes using state-of-the-art motion capture, biomechanics and physiology equipment.

Sports Psychology Services

The mission of Stanford Athletics Sport Psychology Services is to provide psychological services to Stanford University student-athletes that foster mental health and well-being, promote excellence in educational and athletic goals, and contribute to a safe, welcoming, and multiculturally aware athletic department and campus community.

Stanford Athletics has had an ongoing and collaborative relationship with the Department of Psychiatry and Behavioral Sciences to provide integrated behavioral health services to Stanford student-athletes, including a full-service sport psychology program.

- Dr. Kelli Moran-Miller (http://www.gostanford.com/staff.aspx?staff=208), Director of Sport Psychology for Stanford Athletics, is a licensed psychologist, a certified consultant with the Association of Applied Sport Psychology, and a member of the USOC registry. She uses a strengths-based, solution-focused, and student-centered approach to assist student-athletes in the achievement of personal, educational, and sport goals. Her office is in the Sports Medicine Center.
- Dr. Lisa Post, Director of Sports Medicine in Psychiatry, is a licensed psychologist who specializes in working with collegiate and professional athletes and coordinates referrals and care within the Department of Psychiatry and Behavioral Sciences. Her office is on campus at 401 Quarry.

Services

Sport Psychology Services offers confidential personal counseling, performance psychology consulting, psychological rehabilitation from injury, career counseling, medication evaluation and management, and specialized care referrals. Team-centered workshops for varsity teams, crisis intervention, and consultation with coaches and athletic department staff also are available.

Individual sessions provide a unique opportunity to explore issues that may be preventing you from reaching your potential athletically, academically, or personally.
Team-centered workshops are designed to address the unique goals of the participating team and to provide memorable active learning experiences to build team unity, reinforce team mission and vision, clarify team goals, roles, and responsibilities or teach mental skills.
